ASCO CO₂ Gas Purity Tester

The ASCO CO₂ Gas Purity Tester has been designed to measure the purity of CO₂ up to 99.995 % in a quick, easy and reliable way. Essential for bottling plants, breweries, beverage manufacturers and industrial gas companies.

The complete kit contains all equipment for a simple, safe and fast CO₂ gas purity test and is complete with easy instructions (step by step pictures on a laminated A3 sheet). The ASCO CO₂ Gas Purity Tester (stainless steel) can be used either wall-mounted or free standing.

ASCO CO₂ Gas Purity Tester: Standard scope of supply

Complete kit comprises:

- CO₂ purity tester
- Pair of protective gloves
- Protective glasses
- Two plastic containers
- Flexible hose

Mini-Vaporiser for CO₂ Gas Purity Tester: Application

CO₂ Mini-Vaporiser for ASCO CO₂ Gas Purity Tester:

The mini-vaporiser vaporises liquid CO₂ into gaseous form. Gaseous CO₂ will be used to measure the CO₂ purity with the purity tester.
