Dry Ice Box AT126

The ASCO AT126 dry ice box is specially designed for storing dry ice and features high insulation values. The material used makes this sturdy and lightweight box shock-resistant and robust for frequent use.

Thanks to its well-thought-out design with integrated bases, no pallet is needed to stack the dry ice boxes.

Specifications:

Material:	expanded PP (Polypropylene)
Inner dimensions (LxWxH):	663x456x420mm (26 x 18 x 17in)
Outer dimensions (L x B x H):	803x596x671mm (32 x 23 x 26in)
Weight empty:	10.3kg (22.7lb)
Cubic capacity:	apx. 126 litres (4.5ft ³)
Ø storage loss:	approx. 7.4% / day
Capacity with pellets:	approx. 100kg (220.6lb)
Capacity with blocks:	approx. 155kg (341.7lb)

Dry Ice Shovel Big Art.-Nr. 4068852

For optimum filling of the 3 mm (1/8 in) dry ice pellets into the ASCO Dry Ice Blasting equipment

Dimensions (L x W): 270 x 180 mm (11 x 7 in)

Wooden handle: 110 mm (4 in)
