Dry Ice Container AT240W

The ASCO AT240W dry ice container made of polyethylene with foam-filled cavities and a silicone foam profile seal in the lid ensures excellent insulation values.

The box has a lid with an integrated hinge and a simple and stable locking mechanism. The stainless steel fasteners are adjustable and allow the container to be sealed.

The integrated lockable casters (2 fixed casters, 2 swivel casters) allow the container to be easily moved to the desired location. The casters are included in the scope of delivery but are not supplied pre-mounted.

Specifications:	
Material:	Polyethylene with integrated foam as isolation
Inner dimensions (LxWxH):	940x500x530mm (37x20x21in)
Outer dimensions (LxWxH):	1'150x705x1'020mm (45x 28x40in)
Working height (with open lid):	925mm (36in)
Locks:	Stainless steel
Weight empty:	54 kg (119 lb)
Cubic capacity:	approx. 240litres (8.5ft3)
Ø storage loss:	approx. 4.0%/day
Capacity with pellets:	approx. 188kg (414lb)
Capacity with blocks:	approx. 280kg (617lb)

Dry Ice Shovel Big
Art.-Nr. 4068852

For optimum filling of the 3 mm (1/8 in) dry ice pellets into the ASCO Dry Ice Blasting equipment

Dimensions (L x W): 270 x 180 mm (11 x 7 in)
Wooden handle: 110 mm (4 in)
Material: wood / aluminium
