CO₂-Storage

Benefit from our experience

Since 1883 we have continually developed: From mineral water producer to gas producer and -distributor up to specialist for dry ice and CO₂ plant engineering and -construction. Our product portfolio is based on the know-how of 130 years of experience in the field of CO₂ and dry ice. We have recognized that only a continuous development and improvement of the products ensures our future and the success of our customers. Our ISO certification underlines the high standards we set for our products and services (IQNet ISO Certificate 9001:2008 and SQS Certificate ISO 9001:2008).
