**Dry Ice Blasting Unit**

**ASCOJET 1208**
complete (fully adjustable)  
part no. 900961

The ASCOJET 1208 features a new modern frame design and self-explanatory pictogram. This powerful blasting machine is very easy to use and is particularly suitable for use in industries.

Key benefits of the ASCOJET 1208 is its lightness (only approx. 48 kg/106.9 lb). The newly integrated grounding roll and protective grating in the pellet hopper guarantee safer handling during the blasting process.

**Powerful and very handy blasting gun:**

- **Thanks to a quick connect coupling the gun can be attached to the blasting unit very easily.**
- **Increased security thanks to the locking pin, which makes a sudden opening of the locking mechanism of the nozzle impossible.**

The ergonomic gun handle ensures very easy handling and comfortable operation when blasting over longer periods. The new developed safety button is ideal for left and right-hander.

---

**Specifications**

- **Material:** frame and cover sheets made of powder-coated steel
- **Dimensions (L×W×H)** incl. wheels and folded handle: 635 x 491 x 872mm (variable) (25 x 20 x 35 in)
- **Weight empty:** approx. 62 kg (136.7 lb)
- **Content of pellet hopper:** approx. 9 kg (19.84 lb)
- **Blasting pressure:** 0 - 10 bar (0 - 145 psi) (adjustable)
- **Dry Ice consumption:** 20 - 40 kg/h (44 - 88.2 lb/h) (stepless)
- **Max. power consumption:** 250 W (0.33 HP) nominal
- **Voltage:** 110 V, 60 Hz, 1 Ph (other voltages on request)
- **Connection:** Input: claw coupling Chicago 3/4"
Special features of ASCOJET 1208:

Powerful and handy blasting gun with quick connect coupling
Highly manoeuvrable
Quick connect coupling at blasting hose

Very lightweight and compact
Integrated holding device for hose
Vertically adjustable handle for easy handling

Integrated grounding wire for more safety
Insulated pellet hopper with 9kg (19.84 lb) capacity
Control panel for easy overview

ASCOJET 1208: Standard scope of supply

Blasting gun OHS6
Standard for the ASCOJET1208
Length: 26 cm (10.24 in)
Weight: 1.0 kg (2.2 lb)
Blasting pressure: 0 - 10 bar (0 - 145 psi)

High performance barrel nozzle 707.15/12
Standard for the blasting gun OHS
Powerful nozzle with low air consumption
Outlet opening: approx. Ø 12 mm (0.47 in)
Length: 15 cm (5.9 in)
Inner diameter: 7 mm (0.28 in)

Hose assembly 5m for OHS gun ID16 mm (196.85 in ID 0.63 in)
Standard for the ASCOJET 1208, can also be used as an extension of the hose assembly incl. control cable, grounded
