

## **ASCO presents extensive portfolio for CO<sub>2</sub> recovery at BrauBeviale2016**

*“All about CO<sub>2</sub>” – ASCO's credo says it all: ASCO CARBON DIOXIDE LTD is a leading supplier of CO<sub>2</sub> and dry ice technologies and exclusively committed to this specialty gas in all its facets and variations. The CO<sub>2</sub> portfolio including state-of-the-art CO<sub>2</sub> recovery options for breweries and drink manufacturer will be presented at BrauBeviale2016 in Nuremberg, hall 6 / booth 336.*

Especially in the complex field of CO<sub>2</sub> recovery ASCO now meets the growing economic and environmental customer needs with innovative solutions. Also, ASCO is able to realise large-scale projects with capacities of over 100,000 tons of CO<sub>2</sub> recovery per year. For breweries and drink manufacturer the Swiss company successfully provides CO<sub>2</sub> By-Product Recovery Plants (BPR). Standardly such plants include accessory and aggregates for cleaning, compacting, drying and liquefaction of the carbon dioxide. The CO<sub>2</sub> raw gas which is a by-product out of the fermentation process gets prepared and stored in the quality desired by the customer. Afterwards, the liquid CO<sub>2</sub> is vaporised and fed into the beer production and bottling for carbonation. Each ASCO CO<sub>2</sub> Recovery Plant is individually adapted to the customer's requirements.

Visit ASCO at BrauBeviale2016 (hall 6, booth 336) and be inspired by ASCO's latest products, technologies and services.

### **About ASCO**

Swiss ASCO CARBON DIOXIDE LTD is a provider of complete CO<sub>2</sub> and dry ice solutions with customers worldwide. The product range includes CO<sub>2</sub> Production and CO<sub>2</sub> Recovery Plants, ASCOJET Dry Ice Blasting Units, Dry Ice Production Machines, CO<sub>2</sub> Cylinder Filling Systems, CO<sub>2</sub> Vaporisers, CO<sub>2</sub> Storage Tanks, CO<sub>2</sub> Dosing Systems for Water Neutralisation and various other CO<sub>2</sub> and dry ice equipment. Thanks to this broad product range and more than 130 years of practical experience in the wide field of CO<sub>2</sub> and dry ice, customers benefit from individual, complete CO<sub>2</sub> solutions from a single source. Since 2007 ASCO has been part of the international industrial gas enterprise Messer Group and is its competence centre for CO<sub>2</sub>. By joining forces with the German BUSE Gastek GmbH & Co. KG, based in Bad Hönningen, in the year 2014, the expertise and product portfolio was pooled and significantly expanded. This applies in particular to the complex field of CO<sub>2</sub> recovery.
