

PRESS RELEASE

Gasworld Conference Bangkok: ASCO meets Stefan Messer

More than 220 delegates from 31 countries attended the 17th International Gasworld Conference which successfully took place from 6 to 8 December in Bangkok.

ASCO CARBON DIOXIDE LTD was represented by Marius Gorczyca, Director Sales & Engineering, and Jürg Maron who is Regional Sales Director for CO₂ Systems at ASCO. All issues concerning CO₂ and dry ice were actively discussed with the participants. Stefan Messer, CEO of the Messer Group and accompanied by a large delegation, was also among the visitors in Bangkok. Amongst others, he attended the speech of Tim Evison, Director of Messer Consulting Singapore, who discussed the changing demands for industrial gases in the ASEAN region.

Of course, Stefan Messer also stopped by at the ASCO booth to compare some notes with ASCO on common topics. Marius Gorczyca states: "We were very happy about Mr Messer's visit. Anyway, this Gasworld Conference was a big success for ASCO. In addition to a large number of interesting discussions we were also able to receive a dozen inquiries regarding CO₂ recovery systems and dry ice machines, especially from the Asian region."

Since 2007 ASCO has been part of the international industrial gas enterprise Messer Group and is its competence centre for CO₂.

About ASCO

Swiss ASCO CARBON DIOXIDE LTD is a provider of complete CO₂ and dry ice solutions with customers worldwide. The product range includes CO₂ Production and CO₂ Recovery Plants, ASCOJET Dry Ice Blasting Units, Dry Ice Production Machines, CO₂ Cylinder Filling Systems, CO₂ Vaporisers, CO₂ Storage Tanks, CO₂ Dosing Systems for Water Neutralisation and various other CO₂ and dry ice equipment. Thanks to this broad product range and more than 130 years of practical experience in the wide field of CO₂ and dry ice, customers benefit from individual, complete CO₂ solutions from a single source. Since 2007 ASCO has been part of the international industrial gas enterprise Messer Group and is its competence centre for CO₂. By joining forces with the German BUSE Gastek GmbH & Co. KG, based in Bad Hönningen, in the year 2014, the expertise and product portfolio was pooled and significantly expanded. This applies in particular to the complex field of CO₂ recovery. ascoco2.com
