

## PRESS RELEASE

### **ASCO expands team with marketing specialist**

*The ASCO CARBON DIOXIDE LTD team is growing and welcomes Noemi Kreis as an experienced member in the marketing team. Noemi Kreis has recently joined the marketing department and is responsible for areas including content creation and distribution.*

"I'm really looking forward to my new role at ASCO and I'm excited to see what projects await me," says Noemi Kreis. She is a competent, eager-to-learn marketing specialist who will bring valuable experience to ASCO thanks to her previous agency work.

Thanks to her diverse background, Noemi Kreis is very flexible and versatile. After her apprenticeship in the hotel industry and several years of professional experience, she continued her training in the field of marketing and successfully obtained her federal marketing specialist certificate in spring 2022. After several years of professional experience in an advertising agency in Eastern Switzerland, she is now looking for a new challenge.

ASCO CARBON DIOXIDE LTD is convinced that Noemi Kreis will play a key role in the further development of the company. The main focus will be on positioning ASCO as a full-service provider for all aspects of CO<sub>2</sub>, i.e. from CO<sub>2</sub> recovery from industrial processes ("carbon capture") to the use of CO<sub>2</sub> in the form of dry ice, for example. ASCO warmly welcomes Noemi Kreis and looks forward to working with her and achieving joint success in the future.

## About ASCO

Swiss ASCO CARBON DIOXIDE LTD is a worldwide operating company offering complete solutions around CO<sub>2</sub> and dry ice. The range of services goes from CO<sub>2</sub> recovery systems, dry ice production machines, CO<sub>2</sub> bottle filling systems, CO<sub>2</sub> evaporators, ASCOJET dry ice blasting equipment to CO<sub>2</sub> storage tanks, CO<sub>2</sub> dosing systems for water neutralization and various other CO<sub>2</sub> and dry ice equipment. Thanks to this broad product range and more than 130 years of practical experience in the comprehensive CO<sub>2</sub> and dry ice field, the customer benefits from individual, complete CO<sub>2</sub> solutions from a single source.

Since 2007, ASCO has been part of the international industrial gases company Messer Group and is its competence center for CO<sub>2</sub>. Through the merger with the German BUSE Gastek GmbH & Co. KG, based in Bad Hönningen, Germany, in 2014, the joint know-how and product portfolio was bundled and significantly expanded, especially in the complex field of CO<sub>2</sub> recovery. In July 2016, the US subsidiary ASCO CARBON DIOXIDE INC (ASCO Inc.) was founded with headquarters in Orange Park, Florida. [ascoco2.com](http://ascoco2.com)
